ALITA Library

"Stop playing find-the-page. Ask Alita."

Turn your thickest manuals and SharePoint folders into instant, cited answers.

Don't pay skilled engineers to scroll through 500-page PDFs. **Alita finds the exact page in seconds.**

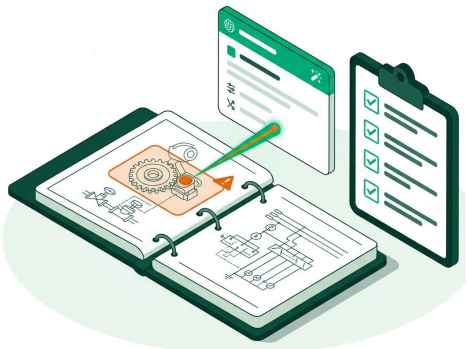

The 500-page PDF blind spot

- Engineers waste 45 minutes on Ctrl+F while equipment sits idle.
- Critical SOPs and policies vanish inside unsearchable SharePoint folders.
- Generic cloud AI leaks private data and hallucinates unsafe procedures.

Exact pages & instant checklists

- Ingests 500-page OEM manuals or syncs with SharePoint in under 4 seconds.
- Every answer links to the exact page & diagram—zero hallucinations.
- Turns complex maintenance tables into interactive checklists in one click.

3.8s	Indexes 70+ Page Technical Manuals	100%	Clickable Exact-Page Source Citations	0 Cloud	Runs 100% Offline or Private VPC

Pull the plug—it still works

- Runs **100% offline** on a field laptop in plants, ships, mines, or hangars.
- Zero bytes leave your firewall—complete intellectual property sovereignty.
- Featherweight **<35MB RAM** engine—no $10,000 GPU servers required.

"How do I verify the lifeboat release hooks are locked before boarding?"

Verify the padlock symbol on the release hook indicator is aligned in the locked green zone. Never board if the hydrostatic lock is disengaged.
